

ACTIVITIES PERMISSIONS FORM

We need your permission for the staff to apply sunscreen and bug repellent, as summer activities may require. We also need permission to allow your child to go barefoot under supervised conditions (under a sprinkler, using a slip-and-slide, for example). Any swimming we do with school-age programs is done under the supervision of certified lifeguards, but we ask that you sign below, giving your permission. If swimming takes place in locations other than community pools (for example, Lake Dunmore or Button Bay state parks), advance notice will be given to parents.
